

## Index of Four Year Accredited Institutions Offering a Master's Degree in Communication

NCA staff searched university websites in all 50 states and the District of Columbia to develop a comprehensive database of every regionally accredited undergraduate program offering a Master's degree in communication.

Please note that programs are listed only if they are **accredited** and offer an undergraduate major and a Master's degree. Programs where the major emphasis is on journalism, broadcasting, media arts, production and other AEJMC related programs were NOT included in the analysis. Hybrid programs (those with traditional communication studies coupled with journalism/broadcasting) are listed if the degree was a combination of both.

### Special Note:

This database contains valuable NCA property and is provided to users under the following terms and conditions.

The database may not be used in any of the following ways: information from it may not be added to, loaded into or transcribed into any database or retrieval system, bulk email list, any form of merge document, by any means (including but not limited to electronic, mechanical or manual). Information contained herein may not be used, in whole or in part, for commercial purposes, political purposes, or for solicitation of any kind (including commercial, charitable, research, scientific or other non-profit), without the express written permission of the National Communication Association.

While NCA strives to ensure its database is accurate and valid, NCA provides no warranties regarding the information, and hereby disclaims any liability to any person for any loss or damage caused by errors or omissions in this database. Information is provided "as is" and without any warranty, either express or implied.
